

Adapting in response to the current environmental conditions ...

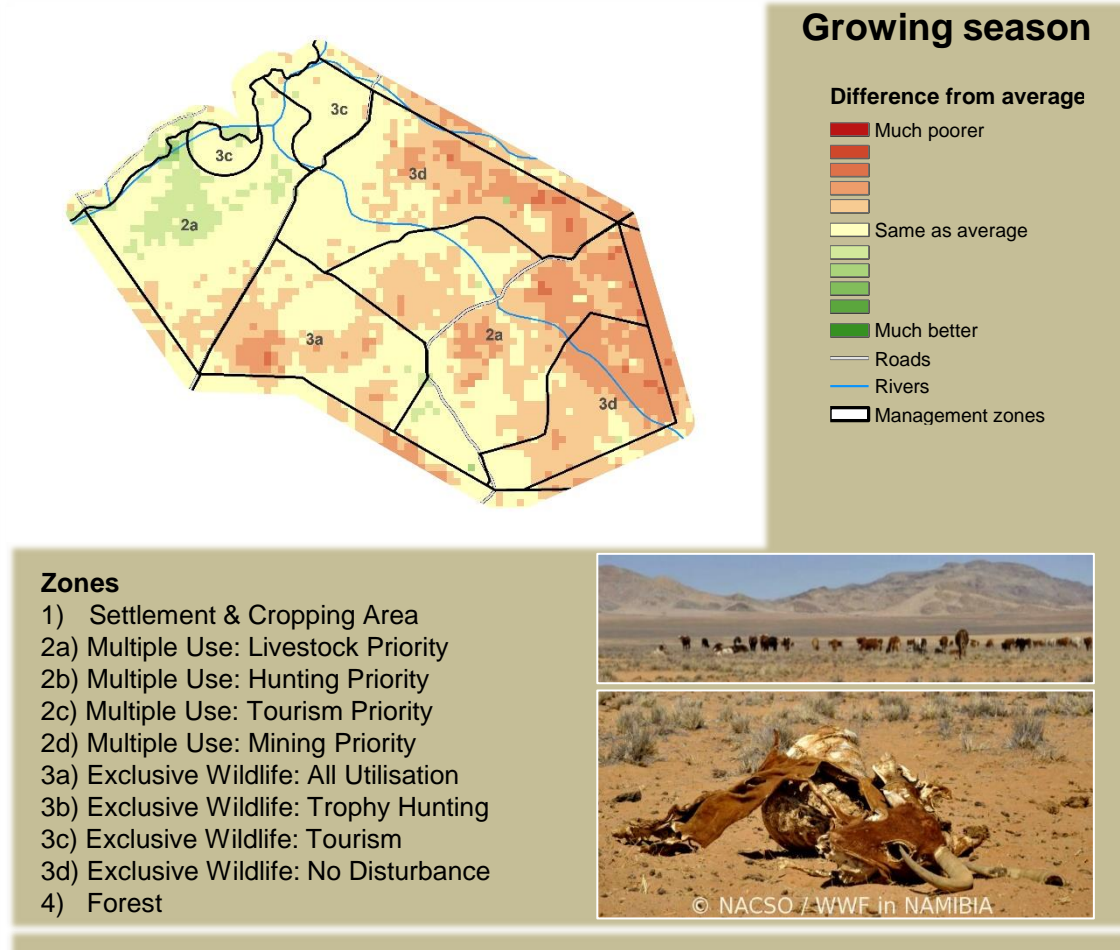

## Seasonal trends in rainfall and vegetation (2022 / 2023 Season)

## Vegetation cover trend (2000 - 2021)

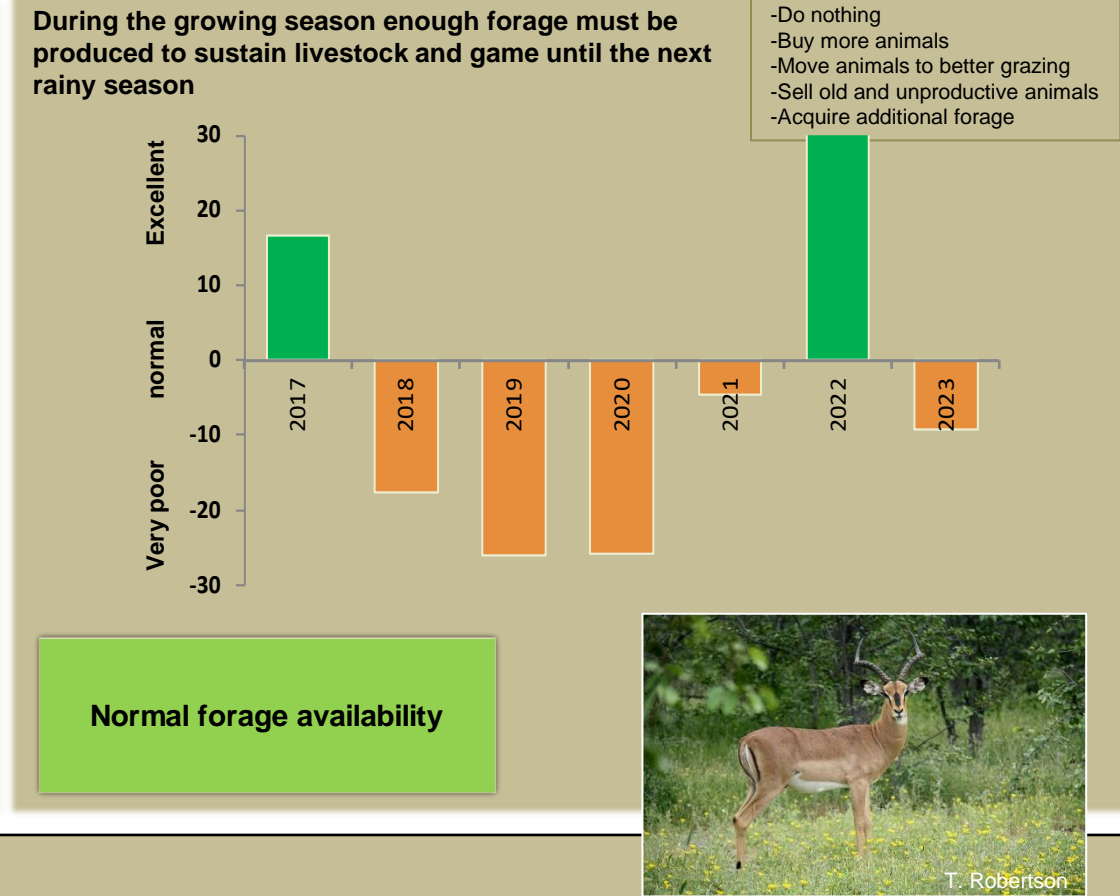

## Vegetation productivity (February to April) 2023

## Fire management

## Forage availability

Climate and vegetation patterns assist in our understanding of the status of wildlife and livestock in the conservancy for the effective management of these resources.
